SUMMARY

Dedicated third-year Computer Engineering student with hands-on experience in **MERN** stack development. Skilled in building scalable web applications using React.js, Node.js, Express.js, and MongoDB, with a solid understanding of JavaScript, JSX, REST APIs, and React fundamentals. Passionate about writing clean code, learning new technologies, and seeking a MERN Stack Developer **internship** to contribute to real-world software projects.

TECHNICAL SKILLS

- **Language:** C , Java , HTML5 , CSS3 , JavaScript , SQL
- **Technologies/Tools:** React.js, Node.js, Express.js, MongoDB, Firebase, MySQL, Git
- **Concepts:** Data Structures and Algorithm , DBMS

PROJECTS

1. VendorHub-Multi Vendor Marketplace

- Built a scalable multi-vendor marketplace using React.js, Node.js, Express.js, and MongoDB with OTP-based authentication, role-based access (Admin, Seller, Buyer), and RESTful APIs following MVC architecture and clean code practices.
- Implemented separate dashboards with features for product management, vendor control, and order handling, simulating a real-world e-commerce platform with secure API communication.
- **Technologies used:** Node.js, Express.js, MongoDB, ReactJS, JWT

2. Collaborative Event Management

- Developed a real-time Event Management web app using the **MERN** stack with **Socket.io** for live chat and task updates. Enabled users to create/join events, collaborate, and manage tasks through a Kanban-style board.
- **Technologies used:** MERN Stack, Socket.io, JWT, bcrypt

3. Notes Taking App

- Built a notes app using **MERN** stack with full CRUD functionality, enabling users to create, edit, organize, and delete notes through a smooth and responsive interface.
- **Technologies used:** React.js, Node.js, Express.js, MongoDB

4. Recipe Finder

- Developed a Recipe Finder web application using React.js that allows users to search and browse recipes across 10+ categories. Integrated Firebase for fast, reliable deployment and user accessibility
- **Technologies used:** React js , Firebase(for deployment)

EDUCATION

- | | |
|--|----------------------------|
| • Watumull Institute Of Engineering & Technology - BE in computer Engineering | 2023-2027(pursuing) |
| ◦ Current CGPA (till sem4) : 8.55 percentage : 81.23% | |
| • Jana Gana Mana Vidya Mandir - HSC | 2021-2023 |
| ◦ percentage : 75.83% | |
| • Jana Gana Mana Vidya Mandir - SSC | 2011-2021 |
| ◦ percentage : 90.40% | |

TECHNICAL INTERESTS

- Frontend Development, Full Stack Web Development, Software Engineering, Database Systems

SOFT SKILLS

- Teamwork, Time Management, Communication, Adaptability, Problem Solving

LANGUAGES KNOWN

- English, Hindi, Telugu
